EDUCATION

Master's in Spatial Analysis, Toronto Metropolitan University (2024)

- Completed a major research paper titled *Spatial Analysis of Halal Retail Food Stores in the Greater Toronto Area*, analyzing the spatial distribution of halal food stores and the socio-economic factors affecting accessibility in the GTA.

Web Development Bootcamp, Lighthouse Labs (2021)

Honours Bachelor of Science, University of Toronto (2020)

- Double major in Physical & Environmental Geography and Human Geography.

SUMMARY OF QUALIFICATIONS & TECHNICAL SKILLS

- GIS Expertise:** Advanced proficiency in ESRI ArcGIS and QGIS for spatial analysis, data management, and editing, with experience in geodemographic analysis and spatial data visualization
- Research & Analysis:** Conducted in-depth spatial research, including a Master's thesis analyzing the distribution of halal food stores in the GTA, utilizing geodemographic data and socio-economic factors.
- Data Governance & Security:** Managed sensitive member data at 1919 Magazine, implementing data reorganization and updating security protocols to ensure compliance and confidentiality.
- Communication & Collaboration:** Proven ability to present complex information clearly to diverse audiences, with experience in customer service, academic support, and collaborative research projects.
- Technical Skills:** Proficient in Microsoft Office Suite (Excel, Word, PowerPoint), SQL for data management, and familiarity with Python, R Studio, and OpenStreetMap (OSM) for spatial data analysis.
- Adaptability & Problem-Solving:** Demonstrated flexibility and creative problem-solving in varied roles, from GIS analysis and grading assistance to retail and editorial work.

RELEVANT EXPERIENCE

GIS Analyst Intern PiinPoint

Feb. 2022 - Apr. 2022

- Conducted GIS data collection, organization, and formatting for market analysis projects, ensuring high accuracy and attention to detail.
- Executed Python scripts to automate spatial data processes and generate proof-of-concept reports for clients.
- Integrated 2020 Annual Average Traffic Data with geodemographic data to enhance PiinPoint's road map, demonstrating problem-solving and technical expertise.

Grading Assistant & Exam Invigilator**Feb. 2022 - Apr. 2024**

Toronto Metropolitan University (formerly Ryerson)

- Supported grading for 250+ hours, ensuring accuracy and timely feedback for students.
- Maintained academic integrity by enforcing exam protocols for 500+ students, showcasing attention to detail and professionalism.
- Communicated effectively with students to address concerns, demonstrating strong interpersonal and customer service skills.

Student Intern**Sept. 2019 - April. 2020**

Canadian Urban Institute

- Developed a methodology to quantify and track excess soil movement in Toronto, showcasing analytical and problem-solving skills.
- Conducted stakeholder interviews with industry leaders (EllisDon, Crosslinx Transit Solutions, Waterfront Toronto), demonstrating strong communication and collaboration abilities.
- Authored a technical report with recommendations for soil management strategies, highlighting technical writing and reporting skills.

Research Assistant**July 2018 - Sept. 2019**

University of Toronto, Spatial Analysis and Urban Systems Lab

- Extracted and categorized food retail data using OpenStreetMap, QGIS, and Python, demonstrating proficiency in GIS tools and data analysis.
- Digitized and analyzed time-use diaries and survey data according to Statistics Canada standards, ensuring data quality and accuracy.
- Collaborated with Dr. Michael J. Widener on research projects related to urban systems, showcasing teamwork and research skills.

Editorial Assistant**Mar. 2020 - Current**

1919 Magazine

- Curated monthly newsletters and managed subscriber communications, demonstrating strong written communication and organizational skills.
- Implemented data governance protocols to secure sensitive member data, highlighting attention to detail and data security management.

ADDITIONAL EXPERIENCE

Instructor, Curriculum Writer**Aug. 2022 - Sept. 2022**

IDRF (International Development and Relief Foundation)

- Co-designed and delivered an introductory web development curriculum, showcasing teaching and mentoring abilities.

Sales Associate**Oct. 2019 - Jan. 2020**

Holt Renfrew

- Provided excellent customer service, demonstrating strong interpersonal and problem-solving skills.

VOLUNTEERING

Event Volunteer/Special Events Volunteer
Toronto International Film Festival (TIFF)

Sept. 2016 - Sept. 2017

- Provided customer service, ticketing support, and venue management for 10,000+ attendees, showcasing adaptability and teamwork.

Co-President (2019-2020), Vice President (2015-2019)
Black Doctors of Tomorrow, University of Toronto

Sept. 2015 - June 2020

- Led operations, including financial management, event planning, and member recruitment, demonstrating leadership and organizational skills.

Co-President
University of Toronto Undergraduate Geography Society

Apr. 2019 - June 2020

- Led executive team operations, including event planning, recruitment, and financial management.
- Acted as a co-signer for society finances and maintained strong communication with the geography department.

AWARDS

William G. Dean Scholarship in Field Research
